

GEI 3636

When **speed** is what you need, this entry level digital copier is the right choice for you. Ideal for larger workgroups and when higher productivity is essential. Has the same compact footprint as our discontinued GEI 2436 copier with increased output.

- 6 “D” size prints per minute - 600 dpi
- Internal Controller with 80GB hard drive included
- AutoCAD, HDI and Adobe PostScript 3 drivers for Windows
- Optional External Controller

GEI 3636 Notes:

- 1 The one roll feeder cannot be upgraded to a two roll feeder.
- 2 The table provides manual copy sheet feeding and includes copy stacking. Not needed with roll feeders.
- 3 Paper Cassette Tray only available with a one or two roll feeder. It can hold paper up to 12" x 18"
- 4 Rear Stacker requires a Roll Feeder
- 5 Roll holders are interchangeable among all GEI branded products. They provide additional flange inserts to be used for extra paper rolls.
- 6 Print Option for Internal Controller requires a Roll Feeder
- 7 Scanner Option for Internal Controller requires File Format Converter
- 8 File Format Converter requires Scanner Option
- 9 Browser Unit Obtains HTML data from a server and displays on the unit operation panel
- 10 VM Card (needed when dealer/branch wants to use other vendor's software on the machine) requires Printer Option.
- 11 USB Host Interface Unit allows users to connect directly to a variety of USB Devices
- 12 Gigabit Ethernet Board enables connection to 1000 Base-TX network
- 13 IEEE 802.11b Interface Unit allows users to set up a wireless LAN. Maximum data is 11Mbps. Cannot use concurrently with Gigabit Board.
- 14 Data Overwrite Security Unit for advanced security this erases temporary stored data in the HDD by overwriting the data
- 15 Interface requires Print Controller
- 16 External Print Controller requires interface and separate PC. See specifications below.
- 17 External Scanner Option requires External Print Controller. It is only a paper "TAN" coupon in a box. Do **NOT** lose it or pay full price for replacement.
- 18 Postscript option requires External Print Controller. It is only a paper "TAN" coupon in a box. Do **NOT** lose it or pay full price for replacement.
- 19 DWG/DXF/DWF option requires External Print Controller. It is only a paper "TAN" coupon in a box. Do **NOT** lose it or pay full price for replacement.
- 20 VIC Option requires External Print Controller. It is only a paper "TAN" coupon in a box. Do **NOT** lose it or pay full price for replacement.
- 21 CGM Option requires External Print Controller. It is only a paper "TAN" coupon in a box. Do **NOT** lose it or pay full price for replacement.
- 22 90 day warranty includes parts, labor, and travel.

PC Server (purchased separately) must meet minimum specs:

Operating System: Windows 2000 Professional SP2 or Windows XP Professional SP1

Processor: Pentium 4, 1GHz or higher

PCI: 2.0 or higher x 1 slot (with 3.3V or 5V auto adaptive)

System Memory: at least 512MB RAM

HDD: at least 10 GB

Network Interface: 10/100 BaseT Ethernet, TCP/IP configuration

Monitor: at least 17" with 1024 x 768 pixel resolution

Keyboard & Mouse
